## OBJECTIVE

Proactive and results-oriented, with experience in designing and developing responsive, SEO-optimized websites, ready to contribute to the success of a web development team.

## EXPERIENCE

### BOOTCAMP INSTRUCTOR

**Desafio Latam.** Chile | Aug 2023 - Present

As a Full Stack JavaScript Bootcamp Instructor, I guide and train students in an intensive learning environment focused on:

- I deliver interactive lessons on Full Stack development with JavaScript.
- I provide individual guidance to overcome technical challenges.
- I evaluate students' progress and offer constructive feedback.
- I address technical questions and foster collaboration.
- I update and enhance the bootcamp content based on industry trends.

My focus on education and technical mentorship plays a key role in students' success, helping them launch their careers in technology.

### PROJECT LEADER AND FULL STACK DEVELOPER

**Evolutica Strategy LLC .** Colombia | Jan 2023 - Jun 2023

As a Project Leader and Developer in Fintech, I oversaw project planning and execution:

- Developed NPM libraries for shared components
- Managed cloud deployment
- Designed user interfaces in Figma
- Created custom WordPress plugins

My focus on leadership and development contributed significantly to the project's success.

### PROJECT LEADER AND FULL STACK DEVELOPER

**Smart Women.** Argentina | Apr 2023 - Present

1. Lead the development team through all project phases, from planning to deployment
2. Develop and maintain a custom WordPress solution tailored to client needs.
3. Administer the project and collaborate on GitHub for effective teamwork.
4. Optimize website performance and security.
5. Manage hosting to ensure continuous availability and performance.

## EDUCATION
